## HEAR YE-HEAR YE!

THE PRINCE IS GIVING A BALL!

The Classic Rodgers & Hammerstein Fairytale,

## CINDERELLA

will be presented by the Fine Arts Department of  
Cypress Community Christian School on December 2, 3, & 4

Cypress Community Christian School's Choir, Art and Drama programs are proud to announce their first joint production since *Scrooge*. With an all-star cast and beloved score by Rodgers and Hammerstein, *Cinderella* promises to be an unforgettable experience for the entire family. The part of Cinderella will be played by Alayna Matranga, the Prince by Josh Graber, the hilarious Step-Sisters by Keeley Lambert and Kasey Witherow, the charming Fairy God-Mother is double-cast played by Genesis Devine and Caroline Carthey, the part of the domineering Step-Mother is played by Courtney Higgs while Luke Jones and Michelle Anderson will warm hearts as the loveable King and Queen. Many other characters will grace the stage with unforgettable performances including Hunter Floyd as the Herald, John Medendorp as the Steward and double-cast Jon Obenland and Hasheem Thabeet as the Chef. Well known songs include: "Impossible," "Ten Minutes Ago," and "In My Own Little Corner."

Don't miss this outstanding musical to be held at Cook Junior High Theater located at 9111 Wheatland off of West Rd. between Jones & Beltway 8. Performances will be held on Friday, December 2 @ 7 p.m., Saturday, December 3 @ 2p.m. and Sunday, December 4 @ 3 p.m.

To purchase advance tickets, contact Mrs. Lisa Matranga in our Drama Department at [lmatranga@cccs-hou.org](mailto:lmatranga@cccs-hou.org) or 281-469-8829 ext. 456. In addition, tickets may be purchased at the door! Also, you may access information on the school web site at [www.cccs-hou.org](http://www.cccs-hou.org) - Upcoming Events Section.

## "The Best Christmas Pageant Ever"

The community is invited to Messiah Lutheran Church's presentation of "The Best Christmas Pageant Ever" on Sunday, December 4. There will be two showings, 4 PM and 6 PM. In this hilarious tale, a couple struggling to produce a church Christmas pageant is faced with casting the Herdman children, "The worst children in the whole history of the world!" You are invited to come along for the chaos and the fun. And look for a miracle as the Herdmans collide head-on with the Christmas story and help everyone else rediscover its true meaning. Admission is free, but reservations are suggested in order to accommodate the crowd. Please call 281-890-3013.

Messiah Lutheran Church is a grace place, a congregation of the Evangelical Lutheran Church in America (ELCA). Messiah is located at 11522 Telge Road, ½ mile north of Highway 290. Regular worship times are 6 PM on Saturday evenings (a casual service of song and sacrament), and traditional worship at 8 and 10:30 AM on Sundays. The Education Hour is 9:15-10:15 AM on Sundays. For more information, 281-890-3013 or [www.messiahlc.org](http://www.messiahlc.org). All people are welcome at Messiah.

HARDWOOD NATURAL STONE CARPET CERAMIC TILE LAMINATE AREA RUGS

The biggest concern for exercising in the cold is hypothermia, or too much heat loss. When you exercise in a cold environment you must consider one primary factor: how much heat will your body lose during exercise?

### Heat loss is controlled in two ways:

1. Insulation, consisting of body fat plus clothing.
2. Environmental factors, including temperature, wind and whether you're exercising in the air or in the water. Each of these factors plays a role in the body's ability to maintain a comfortable temperature during exercise.

### Insulation

Although many people aspire to have a lean figure, people with a little more body fat are better insulated and will lose less heat. Clothing adds to the insulation barrier and is clearly the most important element in performance and comfort while exercising in the cold. One study showed that heat loss from the head alone was about 50 percent at the freezing mark, and by simply wearing a helmet, subjects were able to stay outside indefinitely.

Clothing is generally a good insulator because it has the ability to trap air, a poor conductor of heat. If the air trapped by the clothing cannot conduct the heat away from the body, temperature will be maintained. Unlike air, however, water is a rapid conductor of heat and even in the coldest of temperatures, people will sweat and risk significant heat loss. With this in mind, you want to choose clothing that can trap air but allow sweat to pass through, away from the body.

By wearing clothing in layers, you have the ability to change the amount of insulation that is needed while many new products can provide such a layered barrier, it is important to avoid heavy cotton sweats or tightly woven material that will absorb and retain water. Because these materials cannot provide a layer of dry air near the skin, they can increase the amount of heat your body loses as you exercise.

Keeping the hands and feet warm is a common concern when exercising in the cold. Lower temperatures cause blood to be shunted away from the hands and feet to the center of the body to keep the internal organs warm and protected. Superficial warming of the hands will return blood flow to prevent tissue damage. Blood flow will not return to the feet unless the temperature of the torso is normal or slightly higher (.5-1.0 degree Fahrenheit (F) above normal). So, to keep your feet warm you must also keep the rest of your body warm at all times.

### Check with the weatherman

Always check the air temperature and wind chill factor before exercising in the cold. Data from the National Safety Council suggest little danger to individuals with properly clothed skin exposed at 20° F, even with a 30 mph wind. A danger does exist for individuals with exposed skin when the wind chill factor (combined effect of temperature and wind) falls below minus 20° F.

That can be achieved by any combination of temperatures below 20° F with a wind of 40 mph and temperatures below minus 20° F with no wind. If you are exercising near the danger zone for skin exposure, it also is advisable to warm the air being inhaled by wearing a scarf or mask over your nose and mouth to warm the air being inhaled.

### Rules for exercising in the cold

- Check the temperature and wind conditions before you go out and do not exercise if conditions are dangerous.
- Keep your head, hands and feet warm.
- Dress in layers that can provide a trapped layer of dry air near the skin (avoid cotton sweats and other similar materials).
- Warm the air you are breathing if temperatures are below your comfort level (usually around 0° F).
