MANY PEOPLE ARE EXPERIENCING FINANCIAL CHALLENGES - growing debt, little or no savings, inadequate income, and no plans for their financial future. Others are financially sound, but materialism keeps them spiritually bankrupt. Surveys reveal that more than half of divorces are a result of financial tension in the home . . .

Fortunately, the Bible has answers to these financial difficulties!

Attention Cypress Home Schoolers!

Are you looking for other home schoolers to coordinate events with or to share park days or field trips? Or do you just need another adult to talk to about curricula or learning issues? Maybe you just need to know that there are other people out there that are doing what doing. Whatever your situation, I hope this will help. My name is Rene Schiltz and I recently started home schooling my kindergartner due to issues I had with the Cy-Fair curriculum. I never realized what a wonderful life home schooling could provide for me and my child! We love it but there are times when we would like to get together with other home schoolers to attend events or just take a break from the routine for a while.

I am seeking to form a home schooling organization for the Cypress area that will allow families to coordinate park days, field trips, activities, and a support network for those involved. The closest similar type organization is the Tomball Christian Home schoolers and unfortunately, most of their events take place in Tomball, Spring or even further. There is no obligation to host or attend events if you join Cypress Home schoolers, just a network of people doing what you're doing that make themselves available for contact. Those who join will receive a newsletter via email which will list events, park days, library information, etc. We will provide an opportunity to meet once monthly without the children to plan field trips and events and discuss home schooling issues. If interested please email me at reneschiltz@sbcglobal.net or call with questions 281-304-9202.

What are the Responsibilities of a Block Captain?

We still have several streets without Block Captains. Being a Block Captain requires minimal effort. Responsibilities include:

- Passing out the directory once a year, as well as, any important information our HOA Committees may need to convey to all of the residents.
- Represent your street in any concerns or ideas your neighbors may have with the board or other HOA committees.
- Promoting and having a block party on National Night Out – the first Tuesday of August every year.
- Handing out Welcome Bags to the new residents on their streets (optional).

We meet quarterly to discuss any new ideas on how to make our neighborhood a better place. Although the meetings are voluntary, they are beneficial, and even if you can't attend we welcome any comments or suggestions. Please contact Susan White at 281 373 5084 or email susan__white@sbcglobal.net.

No Silver Bullet to Solve Traffic Congestion, Texas A&M Researcher Says

HOUSTON (March 6, 2006) – If you had 3.7 billion hours to spend, how would you spend it?

If you're like most Americans, one way you help spend the time is by sitting in freeway traffic jams. According to Dr. David Schrank of the Texas Transportation Institute (TTI), traffic delays totaled 3.7 billion hours in 2003.

Schrank was in Houston on March 2 to present an overview of TTI's 2005 Annual Urban Mobility Report to members of the Cy-Fair Houston Chamber of Commerce Transportation Committee. The report is a nationally known study of mobility and traffic congestion on freeways in 85 U.S. cities. The study measured trends from 1982 through 2003, the most recent year for which data is available.

Congestion on freeways is getting worse and is costing Americans \$63 billion a year, he said. Among the problems are traffic jams, unreliable travel times, long waits at traffic signals, navigating through construction zones, accidents and relatively few viable travel options other than driving on the freeway.

"The problem is getting worse," Schrank said. "The number of urban areas with more than 20 hours of delay per peak traveler has grown from five in 1982 to 51 in 2003."

In Houston, major freeway construction in the 1980s and 1990s has resulted in a slower growth of congestion than that of several other major metropolitan areas in Texas, he said. Traffic congestion is a fact of life that won't go away as long as Americans commute to and from work between 8 a.m. and 5 p.m., Schrank said. But he added that reducing congestion to a manageable level is possible.

"If we can have our system be reliable, we would be happy with that," he said. "Reliability is the buzzword. We are not necessarily willing to live with the congestion that is out there now."

But there's no silver bullet for solving the problem.

"We can't build our way out of it," Schrank said. "We have only been able to build 40 to 42 percent of the road capacity we need to solve the problem. Carpooling and public transportation are also not the entire solution, but they are part of the solution." HOV lanes have been an effective method of helping to ease the traffic burden, he said. "HOV lanes carry a lot of people and do what they need to do," Schrank said. "Houston is a prime example of how they can work."

The Chamber has long been an advocate for a variety of mobility solutions and has been instrumental in such projects as the underpass on FM 1960 at Texas 249. Currently, the Chamber, through its 290 Passenger Rail Coalition, is leading an effort to bring commuter rail to the 290 corridor – a project that Schrank praised as being a proactive effort that could become part of the overall solution to reduce congestion on U.S. 290.

One traffic management tool that has been proven effective in studies but is only lightly used in Houston is metered freeway entrance, he noted. The solution is everything – multi-modal and managing everything very aggressively," Schrank said. "We can't stop the growth of congestion, but we can improve reliability and provide more options."The entire mobility report is available online at mobility.tamu.edu.

The Transportation Committee of the Cy-Fair Houston Chamber meets on the first Thursday of each month at 8 a.m. at the Chamber office, 11050 FM 1960 West, Suite 100. All interested members of the public are invited to attend. Call 281-955-1100 for more information

Fountain of Life Fellowship Non Denominational – Spirit Filled Church

Walkin' the Walk - Jesus commissioned us to "Go ye therefore and make disciples of all nations ." (Matt28:19a) In obedience to God's Word and the humbleness to serve. As stated in the book, The Church of Irresistible Influence, "the church today, instead of turning the world upside down, we've largely turned it off. When people think of church at all, a sobering majority view it as big on ideas but short on reality. We have a choice. We can maintain our trajectory and descend into irrelevance. Or, we can reclaim our incomparable birthright – the irresistible influence of a church vitally connected with God, each other and the world around us. *Irresistible Influence* – a bridge over the trouble waters between an isolated church and a cynical culture. A bridge where credibility could be reestablished by God's people before an increasingly skeptical and hostile world. A bridge where people would be drawn to cross over rather than be repelled. A bridge of proof rather than hallow proclamation. A bridge of incarnation: the dynamic intersection of the divine and the human." If you are wanting to "get out of the boat" and make a difference come join us as we enter the mission field and "walk the walk."

VBS – It's time to start making plans-This summer it is a "Fiesta" for Jesus, beginning Monday, July 24th - Friday, July 28th. It's going to be an evening VBS from 6:00 – 9:00 p.m. It will be a fun, faith-filled adventure as our elementary-aged children get excited in Look for posters with all the details in our neighborhood stores. Summer is

coming quick. You'll want to mark your calendars for the week of July 24th – July 28th and call to make your reservations. Don't let your kids miss this adventure of a life-time!!

Midweek Bible / Ministry Groups- We study the Word of God together and we reach out into our community in ministry through groups we call Mid Week Connection (MWC). This is a great time to pause in the middle of a busy week and be re-energized through fellowship, praise and worship, prayer, study of God's Word and ministry out reach. We devote the first week of each month to ministry outreach. Our current ministry paths are going to the local hospital and praying with the patients and their families; praying with the women at Care-Network Crisis Pregnancy Center; and reaching out in tender love and care to patients of a local rehabilitation center. We pray with the patients and the staff, give the patients spiritual support and encouragement and we even help the patients with basic grooming needs – make-up and hair care. Come join us - be fed and give back to our community as Jesus commanded.

Youth and Kids Have we Got Fun For You- Come get excited for Jesus in an atmosphere that is magnetically charge with "Holy Spirit" power. We have two exciting groups to tell you about. One especially geared toward Youth with the vibrant today's sound with Christian lyrics, Bible study and activities. The other geared toward the active, "bouncing off the walls" temperament of the elementary aged kids.
