## Green Thumb Corner

The last six weeks have seen a lot of extra clean-up and landscape repair in the wake of Hurricane Ike, and at the time of writing there is still more to be accomplished. It will take some time to get our neighborhood back to its normal neat appearance and unfortunately some streets will never be the same again after losing a number of mature trees. On the bright side, it was good to see the help and cooperation between neighbors.

We discussed spring bulbs last month, but here's a brief reminder that the planting "window" continues through November and December. Remember that tulips are an exception and should not be planted before late December, but get them in the refrigerator as soon as possible for at least three weeks of chilling.

November is the usual time for setting out pansy plants in beds or containers after the weather has cooled, and they really can't be beaten for providing a show of color through the winter months. They will benefit from a little blood meal under each plant, but otherwise pansies require very little care and attention.

This is a good month for general yard maintenance, now that the grass isn't growing so fast and we don't have to spend all our time mowing and edging. Clean up the beds and remove dead foliage to help eliminate insects and disease organisms that can overwinter in the debris. Start to build up a good thick layer of top mulch in preparation for winter, to protect from freezing and winter drying (the cool winter winds can dry out the ground almost as quickly as the summer heat). It's also a good time of year to modify your landscaping - take a good look around

and plan any changes that you want to make. Correct any drainage problems, raising beds if necessary.

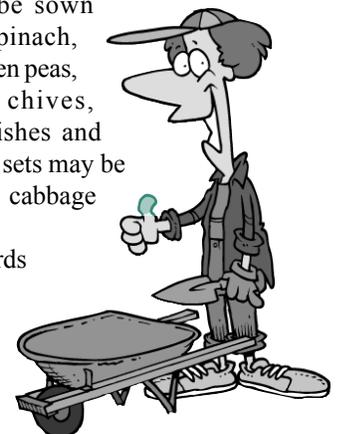

As chrysanthemums and other perennials finish blooming, cut flowering stems close to the ground to allow all the energy to be used for root growth. They can be divided and transplanted any time from now until March, but the sooner the early-blooming varieties are moved, the earlier and better will be their blooms.

Roses should be kept well watered and may be fed lightly; groom out any dead wood, but do not prune heavily until January or February. Azaleas and camellias may be moved; mulch well and keep moist.

Fruit trees may be planted now, although the most popular time is in January and that's when they are more readily available at the nurseries. An advantage of planting trees now is that the still-warm soil allows some root growth to be established before going into dormancy. Flowering shrubs, both deciduous and evergreen, may also be planted.

In the vegetable garden, we still have a week or two for setting out strawberry plants, and seeds may be sown for beets, spinach, English garden peas, asparagus, chives, parsley, radishes and cress. Onion sets may be planted, also cabbage plants.

## Howdy Partner

We've had a flurry of activity here in Winchester Trails, specifically on Hondo Hill Road. The Trails extends a warm welcome to the Punch and Hernandez families.

Tammy and Robby Punch now call 10410 Hondo Hill home. The Punches, and their two sons, Hayden and Ethan moved from Houma, Louisiana, into their new home in August along with their two dogs, Ruby and Savannah. Robby works as welding engineer, and Tammy is a stay-at-home mom and teacher.

Christina and Raul Hernandez and their son, Isaac moved to 10310 Hondo Hill in July. Raul is self-employed in the Communications industry and Christina is a paralegal in the Oil and Gas industry. The Hernandez family moved to the Trails from the Oak Forest neighborhood.

**The Welcome Committee is looking for a new person to take over this activity. The responsibilities are to welcome new residents when they arrive, provide them with an information packet and write a monthly article welcoming these families to the neighborhood. These efforts take approximately 2-3 hours a month and will involve some computer work in Microsoft Word and e-mail. Please contact Missy Fouts at 832-237-5717 if you are interested.**

If you are new to the neighborhood and have received a Welcome visit, please remember to return your forms to Missy Fouts at 10411 Hondo Hill, or call 832-237-5717. Also, if you are new to the neighborhood and have not been welcomed, please let us know. We want to stop by and say hello, get some information to introduce your family to the neighbors through this article, and give you a handy packet of information to help familiarize you with your new neighborhood. We also have Trails information available on our website at [www.winchestertrails.com](http://www.winchestertrails.com). Welcome to the Trails!

## Family Outing

Are you looking for something different for your family to do this month? How about a day of good clean fun trying to walk the maize of corn? That's right we in Texas have our very own maze at Dewberry Farms. This family friendly environment hosts an ongoing corn maze (with aerial viewing of picture for the season) along with duck races, goat walks, pumpkin picking and carving, shoot a corn cannon or just ride a few of the kid friendly toddler rides. They have animals to milk or chickens to bask at, it's a blast for young and old alike. The dewberry farm is open until Nov. 30th for more information contact their offices at (281) 934-3276 or visit them at [www.texasmaze.com](http://www.texasmaze.com) hope you take some time to enjoy the season at its best!
