## Stone Forest

### HOMEOWNERS ASSOCIATION

#### *President's Message*

**PLEASE NOTE : Stone Forest Homeowners Association AGM; Thursday July 21, 2011 7.00 p.m. at Trinity Lutheran Church, Spring Cypress Road.**

Please take this opportunity to meet with your Board and hear what has been going on during the past year. There are also two important Board positions to be voted on and you are encouraged to take part in the ballot and particularly the nominations. If nothing else please send in your proxies or deliver them to a Board member in your area.

This is the most important meeting of the year for your Association so it is imperative that you try to attend to greet and meet with your Board and your fellow homeowners. It may not be the most exciting event of the social calendar but it is definitely very important to ALL homeowners who have an interest in their community and how the Association is run.

All the Board members are volunteers (unpaid) and try to do what is best for the community as a whole, so you are helping

them by supporting this meeting and giving your input or asking questions.

If the Board members do not know how the homeowners feel and have consistent feedback it makes the task a little more onerous.

We look forward to seeing you there.

Just another word about the drought and water. At time of writing the drought has not eased as we thought it would so that water conservation is critical for us all. Please be economical with all water usage and particularly watering of yards. We know that the drought and heat are taking a toll on the grass but saving for essential use is more important.

Again the Stone Forest crime stats are low. We need to remain vigilant to ensure that these stats are kept at a low level. All suspicious activity should be reported however innocuous it may seem. Pct.4 will always respond to calls as prevention is far better than the alternative.

## READY MADE FAMILY?

Siblings can be a source of frustration, rivalry and competition as children learn some of the more important lessons in life like communication, negotiation, teamwork and forgiveness. Siblings can also be a source of support, friendship, security and loyalty as children learn to grow together and value the unique aspects of having a family.

Keeping a group of siblings together that have been waiting in the foster care system is a worthy and challenging objective. Finding a family that will take a group of siblings to be permanent family is an even more difficult task. However, the value of having a permanent family for a group of siblings is

immeasurable. Do you have the space in your home and in your heart to be the answered prayer for a sibling group looking for a home?

Maribel (15), Isabel (14), Noah (11), and Tereso (8) are a fabulous foursome looking forward to finding a forever family. As a group, they are smart, polite, engaging, active, and athletic. They hope to find a family that will allow them to stay together as well as encourage and support them in reaching their full potential.

To find out more about this wonderful group please contact Grace Lindgren, LMSW, Wendy's Wonderful Kids Recruiter,

at the Adoption Coalition of Texas (512) 810-0813 or [gracelindgren@adopttexas.org](mailto:gracelindgren@adopttexas.org)

Adopting a child from the foster care system requires little or no cost to the adoptive family and funding may be available to help the adoptive family support the child or sibling group.
