## GIRL SCOUTS ENCOURAGES ADULTS TO VOLUNTEER

*Make A Difference In A Girl's Life*

*Day Camp Aragon, Libay Middle Schools*

### **EVERYONE CAN CREATE NEW LEARNING EXPERIENCES FOR GIRLS**

Every year, through programs that include science and technology, business and economic literacy, visual arts, and outdoor and environmental awareness, Girl Scouts of San Jacinto Council (GSSJC) encourages women and men over the age of 18 to help build girls of courage, confidence and character who make the world a better place. As a volunteer of the premier organization for girls, you'll add meaningful days to the lives of girls by creating new learning experiences for future leaders in grades kindergarten through 12th.

There is no better time to serve as a Girl Scout volunteer than now. The 2011-2012 will mark the centennial of the Girl Scout movement, giving volunteers plenty of opportunities to participate in all the wonderful events and programs that are sure to be memorable for the girls and the communities they serve.

Becoming a volunteer is simple. All you have to do is complete an application and background check, and accept the Girl Scout Promise and Law. A year-long commitment

is no longer necessary as the organization provides a number of flexible options to serve its membership, matching your expertise, skills, interests, and life experiences to available opportunities.

Tackle everything from global warming to election reform. Travel to incredible places. Teach a girl how to build a robot, butterfly or rain garden. Share your personal passions and create experiences together you'll never forget. Whether you choose to directly or indirectly work with girls, short-term or long-term, GSSJC will provide the support, guidance and tools you need to be successful.

Girl Scouts is for every girl, everywhere. It's also for adults – caring individuals willing to share their time and talents to help girls explore their interests and achieve their potential. If you can think it, you can share it!

For more information on how you can make a difference, call 713-292-0300 or 1-800-392-4340, or visit [www.gssjc.org/volunteer.cfm](http://www.gssjc.org/volunteer.cfm).

Girl Scouts of the USA is the world's preeminent organization for girls, with a membership of more than 3.7 million girls

and adults. Girl Scouting builds girls of courage, confidence, and character, who make the world a better place. Chartered by GSUSA to provide Girl Scouting locally, Girl Scouts of San Jacinto Council is one of the largest Girl Scout councils in the country serving more than 76,000 girls served and nearly 18,000 adult members in 26 southeast Texas counties. Girl Scouts motivates and teaches girls that if they can think it, they can do it. No challenge is too big! While membership dues are only \$12 a year, the rewards girls, their families and their communities reap are invaluable.

Girl Scouts of San Jacinto Council Copper Corners Service Unit is forming now. If you or your troop is interested in coordinating Father Daughter, Daisy Day or Brownie Day or annual recruitment events at your school events, please call or email [melinda.riso@yahoo.com](mailto:melinda.riso@yahoo.com). ## You CAN Make a Difference! *Be Part of the "Bus Buddies Volunteer Program" In Our Cypress-Fairbanks ISD Schools*

### WHAT IS BUS BUDDIES?

Bus Buddies is a partnership between the Cy-Fair community and Cypress-Fairbanks Independent School District to provide assistance to elementary students helping them get off the bus at the correct location. The program requires one "Bus Buddy" per elementary bus the first three days of school. The approximate time commitment is from 2:45 p.m. – 4:45 p.m. on August 22, August 23 and August 24. Your job is to simply assist the bus driver with making sure the children get off the bus at their correct stops.

### WHAT IS REQUIRED?

- (1) Attend one of the training sessions, if not previously trained.
- (2) Arrive and sign in at your assigned school where campus staff will assist you.
- (3) Enjoy helping the kids and driver!

Training dates: Monday, Aug.15 (9:30 – 10:30 a.m.); Tuesday, Aug.16 (6:30 – 7:30p.m.) and Thursday, Aug.18 (7:30 – 8:30 a.m.).

The Partners in Education (PIE) department is looking for the same strong Bus Buddy support we have enjoyed the past. Making sure that all of our elementary children get off the bus at the correct stop is a very big task. It requires 400+ volunteers in the Cy-Fair community to ride buses to assist the nearly 9000 riders and their drivers.

### INTERESTED?

Volunteers can RSVP and register for a training session by visiting <http://www.cfsd.net> and selecting "Bus Buddies". For additional information about the program, please contact the CFISD Partners in Education Department at 281-894-3949.

## Going 100 Percent Organic Not Feasible?

The Environmental Working Group (EWG), a non-profit organization specializing in research and advocacy related to public health and the environment, has released its 2011 updated “Dirty Dozen” list of the 12 fruits and vegetables containing the most pesticides. Topping this year’s list? Apples. This begs the question, “Can eating an apple a day really keep the doctor away?”

The answer may lie in where you get your apples. Although the EWG’s ranking was cited as an overestimate of the risk by the Alliance for Food & Farming, a non-profit organization with the stated mission of providing a voice for farmers to communicate their commitment to food safety, consuming organically grown products can reduce the amount of pesticides that enter your body. According to the World Health Organization (WHO), long-term exposure to pesticides can lead to death or serious illness, including developmental and reproductive disorders, impaired nervous system function, and certain cancers. Further, the WHO has found children to be at higher risk from exposure than adults.

However, organically grown products are typically more expensive than conventionally grown products, and some organic products may be difficult to find in some areas. If growing your own fruits and vegetables is not an option, and purchasing 100 percent of your produce in organic form is monetarily unfeasible, the EWG’s list offers a good starting point for consumers.

According to the EWG’s 2011 report, which is based on its analysis of tests conducted by the U.S. Department of Agriculture (USDA) and the federal Food and Drug Administration (FDA), the following 12 fruits and vegetables (the “Dirty Dozen”) consistently contained the highest amount of pesticides when conventionally grown, and should be consumed in organic form when possible:

- |                          |                            |
|--------------------------|----------------------------|
| 1. Apples                | 7. Grapes (imported)       |
| 2. Celery                | 8. Sweet bell peppers      |
| 3. Strawberries          | 9. Potatoes                |
| 4. Peaches               | 10. Blueberries (domestic) |
| 5. Spinach               | 11. Lettuce                |
| 6. Nectarines (imported) | 12. Kale/collard greens    |

Alternatively, according to the EWG, the following 15 fruits and vegetables (the “Clean 15”) consistently contained the least amount of pesticides, and by adhering to this list, individuals can get their recommended daily allowance of fruits and vegetables without incurring the expense of buying organic products in order to limit their exposure to pesticides:

- |               |                          |                    |
|---------------|--------------------------|--------------------|
| 1. Onions     | 6. Sweet peas            | 11. Cabbage        |
| 2. Sweet Corn | 7. Mangoes               | 12. Watermelon     |
| 3. Pineapples | 8. Eggplant              | 13. Sweet potatoes |
| 4. Avocado    | 9. Cantaloupe (domestic) | 14. Grapefruit     |
| 5. Asparagus  | 10. Kiwi                 | 15. Mushrooms      |

Underscoring the importance of the consumption of fruits and vegetables was the release of MyPlate, also in June, replacing the classic food pyramid. The USDA’s new food icon is a simple, visual cue that advises individuals to “make half your plate fruits and vegetables,” graphically shrinking the role of meats and dairy products in the national diet.

*More information on the EWG, as well as the full list of fruits and vegetables ranked, can be found at <http://www.ewg.org>. ## Will My Child Be Ready for Elementary School?

Submitted by: Brandi Muse

More and more parents are recognizing the importance of enrolling their children in preschool to help them develop the right foundation for success in elementary school and beyond. However, the best programs go beyond helping children master basic academic skills to supporting their development as happy, confident, well-rounded individuals.

Research shows that from birth to age five, development in all areas is rapid. Children form strong neural connections during this time as a result of experiences they have with everyone and everything they encounter. The quality of those early interactions determines how children continue to learn and form relationships, strongly influencing their future success and happiness.

“Parents should look for preschool, pre-K, kindergarten and first grade programs that take a balanced approach to developing motor, social-emotional, creative and academic skills,” said Brandi Muse, of Primrose School at Summerwood. “It takes quality instruction, a well-rounded curriculum and a positive teacher relationship to prepare a child to succeed.”

- **Academics:** Let's go beyond concentrating only on basic math and reading skills. Academic success is not just about memorization – it requires learning how to think critically, use mathematical concepts, express curiosity and develop competence in language skills like listening, speaking and writing.
- **Technology:** In today's technology-rich world, children need to have a grasp of technology as a tool for creative expression and problem solving. Computers equipped with developmentally-appropriate educational software and online resources should be integrated into the classroom.
- **Physical Development:** Children who participate in daily physical activity develop basic motor skills like throwing, jumping and balance that help them become healthy adults. Physical activity also creates neural connections that support academic achievement.
- **Music and Art:** Young children naturally engage in “art,” or spontaneous, creative play, but when educators involve children in music and art activities regularly from an early age, they encourage cognitive and emotional development.
- **Social-Emotional Development:** Preschool programs should focus on social and life skills to help your child establish positive relationships and transition easily to elementary school.

FACTS YOU NEED TO KNOW ABOUT DROWNING

### DROWNING ALERT!!!

TEXAS has more drownings than any other state so far this year and we still have a long HOT summer ahead of us. Please be safe in and around the water.

For more information, check out our website at

[www.colinshope.org](http://www.colinshope.org)

### DROWNING CAN STILL OCCUR EVEN IF YOU KNOW HOW TO SWIM

Download a QRcode App on your phone & scan me!

NO ONE is "drown proof" - no matter their level of swimming ability.

Falls, entrapments, and injuries lead to drowning regardless of swimming level.

### DROWNING IS QUICK AND SILENT

Drowning can occur in less than 2 minutes.

Irreversible brain damage can occur in 4 minutes or less.

Most children are out of sight or missing for less than 5 minutes and usually in the presence of 1 or both parents.

Most children die who are submerged for as little as 6-10 minutes.

Children who drown may not **scream, splash, or struggle**. They can silently slip beneath the water, even with adults & lifeguards present.

## AGGIE MOMS GET INVOLVED!

### NW HARRIS COUNTY AGGIE MOM'S CLUB MEETING

TUESDAY, SEPTEMBER 13, 2011

A warm HOWDY is extended to all new, current, and former Aggie Moms for the fall of 2011! Aggie Moms in the Northwest Harris County region are invited to kick off our fall meeting on September 13th at 7 pm at the Houston Distributing Company conveniently located near Willowbrook Mall at the corner of 7100 High Life Drive and Cutten Road.

Come join us and learn about one of the most important issues at Texas A&M University which is the safety of our Aggie students. Our guest speaker will be Officer D. Donovan who is a Crime Prevention Specialist at the TAMU campus in College Station. Officer Donovan will discuss all aspects of safety on campus including Code Maroon and give insight into the many ways your students at Texas A&M can help prevent crimes on campus.

The NW Harris County Aggie Mom's Club is designed to support our Aggies through student scholarships and financial donations to many campus organizations. We provide a way for Aggie Moms to

support each other by sharing the joys of parenting Aggie students. This year the NWHC Aggie Mom's Club distributed more than \$30,000 in funds back to TAMU through donations to student organizations, scholarships, projects, and services.

On September 10th, Aggie Moms are participating in the "Shop Til U Drop" event at the Berry Center and selling unique Aggie "Traditions" frames, fabulous new "Traditions" pillow designs, awesome new "Bling" t-shirts, and other great gift items. Come join the Aggie Moms at this great shopping experience! Some of our Boutique items will also be for sale at our September meeting.

The NWHC Aggie Mom's next big event will be our 9th Annual China Luncheon on Saturday, October 22. Don't miss this great event with uniquely decorated tables, delicious luncheon, style show, and silent auction. For ticket information please contact Denise Jungels 281-477-6798 or Nancy Bond 713-896-7606.

For more information, check out our website at [www.nwhcaggiemoms.org](http://www.nwhcaggiemoms.org) or contact President Judy Thompson at 281-798-4312.

I am very pleased with the David Flory Team. They kept me updated and were always courteous. I purchased this house through David Flory in September of 1986 and now he has sold it for me in September of 2009, 23 years later. The first contract came in the day I listed and within a few days I had three contracts. Thanks to David and his team!

# - Kids Stuff -

Section for Kids with news, puzzles, games and more!

Every creature needs to rest. Giraffes, little babies, elephants, dogs, cats, kids, koala bears, grandparents, moms, dads, and hippos in the jungle — they all sleep! Just like eating, sleep is necessary for survival.

Sleep gives your body a rest and allows it to prepare for the next day. It's like giving your body a mini-vacation. Sleep also gives your brain a chance to sort things out. Scientists aren't exactly sure what kinds of organizing your brain does while you sleep, but they think that sleep might be the time when the brain sorts and stores information, replaces chemicals, and solves problems.

The amount of sleep a person needs depends a lot on his or her age. Babies sleep a lot — about 14 to 15 hours a day! But many older people only need about 7 or 8 hours of sleep each night. Most kids between the ages of 5 and 12 years old are somewhere in between, needing 10 to 11 hours of sleep. Some kids might need more and some need less. It depends on the kid.

Skipping 1 night's sleep makes a person cranky and clumsy. After missing 2 nights of sleep, a person will have problems thinking and doing things; his or her brain and body can't do their normal tasks nearly as well. After 5 nights without sleep, a person will hallucinate (this means seeing things that aren't actually there). Eventually, it becomes impossible for the brain to give its directions to the rest of the body without sleep — the brain needs to spend time in bed and catch its ZZZs!
