Jordan Merecka was born with multiple congenital heart defects, including Dextrocardia (his heart was on the wrong side of his chest). As a child, he experienced two open chest surgeries. Later, he received several surgical revisions and an implantable defibrillator. For many years after his early surgeries, Jordan was able to live an active childhood. As a teen, he enjoyed hunting and fishing with his father; and at school, he participated in FFA (Future Farmers of America). But, in September 2010, Jordan's heart began to fail, and he was placed on a waiting list for a heart transplant. With medical treatment, he was able to attend school as he waited. At the start of 2011, the senior at Cypress Woods High School was looking forward to three major milestones in his life: his prom on May 27, his eighteenth birthday on May 29 and his graduation on June 5. In April 2011, his health took a turn for the worse and he was admitted to Texas Children's Hospital with heart failure symptoms and kidney insufficiency. He critically needed a heart transplant. Over the weekend of May 21, all of his organs began to fail acutely and he could not breath on his own because his heart was so weak. On May 22,

## Fashion with Passion - (Continued from Page 6)

Jordan received the Total Artificial Heart that saved his life. Jordan missed his prom, but thanks to a diligent heart-failure team and the availability of the artificial heart, he celebrated his birthday at Texas Children's on May 29 -- a week after his surgery. On June 5, Jordan watched his graduation ceremony online while his 16-year-old sister walked across the stage to accept his diploma on his behalf. His class rose to their feet for a standing ovation. Jordan has been accepted at Texas A&M University Galveston and looks forward to studying marine biology. After much anticipation, Jordan recently received his new heart, and is doing well... gaining strength and endurance at Texas Children's to face his new life!

We invite you to join us in supporting this incredible young man and his family as they continue this journey. This fundraiser is an avenue to let the Merecka's see just how big this Community can be. Please join us Thursday, January 26, 2012 at Enchanted Cypress Ballroom for an unforgettable evening of dinner, silent auction and a fashion show.

## It's All About the Students! *from a volunteer's view*

It was barely 8:00 in the morning on Friday, Oct. 14th. They were beginning to arrive. Upon checking in; name badges were handed out along with a bright red folder full of the day's agenda and the conference material. There was even an eco-friendly tote bag full of coupons and goodies generously donated by local area businesses. The room was huge and full of tables decorated with bright paper blocks spelling out the main part of this year's theme. "Teamwork".

This was the annual VIPS Fall Conference held by the CFISD VIPS Executive Board at the Berry Center in Cypress. The schedule was full. It consisted of everything from learning how to turn a popsicle stick into a fun treat for a teacher or volunteer to tips on helping our students handle stress. The attendees could choose from a variety of 50 minute sessions that covered topics such as: Internet Safety, Reaching Out to Diverse Volunteers, Guidelines and Best Practices for Fundraising and even Taking Care of Your Personal Health While Maintaining a Busy Lifestyle.

Something was most impressive about this conference to one volunteer. This audience of 200 plus was comprised of men and women, volunteers and school staff - not limited to Cy-Fair ISD. There were 4 other area districts represented at this conference: Alief

ISD, Fort Bend ISD, Houston ISD and Spring ISD. The current budget environment has left our school districts vying to be first in line for every resource of financial and physical support they can find. But for one day in October, the district boundary lines came down. There was no competition. There was no hidden agenda. Despite the traffic and everyday challenges, educators and volunteers from schools all over our county came together for a common purpose: improving their volunteer program thereby affecting the students in a positive way. This was simply an opportunity to attend an event that focused on several different areas of how to build on their volunteer resources in order to enhance the children's education.

While that volunteer sat looking out over the diverse crowd; she couldn't help but see a universal theme, "Yes, in this room, it's truly all about the students".
