

Yard of the Month

Congratulations to the Kluck family for July's Co-Yard of the Month.

Michael and Janette Kluck have been Willowbridge residents since 1995 and are the original owners of their home at 8827 Wilbarger. Michael is very excited for Janette who works very hard keeping their yard in tiptop shape. Janette is also a block captain.

Congratulations to the McArthurs for July's Co-Yard of the Month.

Angela McArthur and her son Marcus moved to their home at 9315 Slate Stone Ct in Stonebridge nearly three years ago. She loves the neighborhood and is excited to be selected as July's Yard of the Month.

New Tennis Court Reservation System

Your board members have heard your concerns regarding the difficulties in reserving tennis courts during times of high usage. As a result, a new reservation system is now being used to reserve tennis courts. The following excerpt is a summary of how to use the new system and can be found in our Tennis Rules. The complete Tennis Rules document can be found on our website at www.willowbridgehoa.com.

Courts to be reserved for play: Courts must be reserved for play online at <http://www.willowbridgehoa.com/>. Court reservations shall be governed in the following manner:

The reservation system is a "lottery" type system. All players must request a playing time and date. All residents requesting court time for any singles or doubles play (2 or 4 players only) must list each name and member tag of those to play at the requested time. Guests must also be placed on the reservation request. Prime time court assignments will be selected by the reservation system's random draw five (5) days prior to the date of play. Deadline for reservation requests will be at 11:59PM each night. Schedule will be available online for viewing and printing reservation.

Reservations are mandatory for all residents and guests at all times.

Playing time per court reservation will be 1 hour in duration, change on the hour.

Prime time reservations shall be as follows

1. Monday through Friday, 5:00PM-9:00PM (4 one hour sessions)
2. Saturday and Sunday 7AM-12NOON (5 one hour sessions)

Daily court reservation schedules to be posted at or near tennis court gate, whenever possible. Resident player should have copy of his/her reservation in hand for verification.

Again, for the complete list of Tennis Rules, please visit our website.

The Recipe Box

Strawberry Delight Salad or Dessert

Submitted by: Alice McCray

1 (6 oz.) pkg. strawberry gelatin
1 (20 oz.) can crushed pineapple, (drained)
1 c. boiling water
2 (12 oz.) pkgs. frozen, sliced strawberries, thawed
1 c. coarsely chopped nuts
1 c. sour cream
3 med. bananas, mashed
1 (8 oz.) pkg. cream cheese

In a large bowl: stir gelatin in boiling water until dissolved. Add strawberries with juice, drained pineapple, bananas and nuts. Pour ½ mixture into 12x8x2 inch container. Refrigerate until firm. Soften cream cheese, and combine with sour cream. Spread evenly over chilled layer; gently spoon on remaining half of strawberry mixture. Chill. Cut into squares and serve on lettuce leaf if desired.

This is a great summertime treat.

CORRECTION: May's issue of WillowTalk: The title & contributor of the recipe was omitted. It should have been for White Chocolate Bread Pudding by Amy Sonnier.

Please submit your favorite recipe to: leroylallinger@live.com

311 / 411 / 811 / 911

What's The Difference?

Submitted by: Barbara Lallinger

311 – Is not available to us county dwellers (only if you live in the city limits of Houston).

411 – AT&T Information.

811 – Call before you Dig (see article following).

911 – Emergencies Only!

Whether you're planting a tree, building a fence, installing a swimming pool or other work that requires digging, the law requires you to call the One-Call center (811) at least 48 hours before you plan to dig.

This national One-Call number will help protect you from unintentionally hitting underground utility lines, prevent serious injuries or service interruptions and/or costly fines for damaging utility lines. If for any reason 811, doesn't work, call 1-800-545-6005.

When you call 811, you will be contacted by the One-Call center and they will send a representative to your home to mark the locations of utilities on your property. There is not a charge for this. Even minor dents, chips or scrapes are serious and may cause future concerns if the problem is not professionally repaired. Visit CenterPointEnergy.com for more information.

Did you forget the name of that...

Hurricane Tips & Prep: Are you pet-prepared for an evacuation?

submitted by *Sonia Moore*

Don't leave your pet and don't use your pet as an excuse not to evacuate. Don't put yourself, your family, and your pet at risk! You are responsible for planning for your pet. If you are ordered to evacuate, take your Pet Survival Kit if you go to friends, relatives or a hotel. Unless there are pet-friendly shelters in your county, shelters cannot accept pets. As a pet owner, you must plan ahead. Check out your options. For more information call your local SPCA, Animal Control or Humane Society. If you plan to go to a hotel or motel, go online to www.petswelcome.com.

After the storm has passed, be careful in allowing your pet outdoors. Familiar scents and landmarks may be altered and your pet could easily be confused and become lost. Downed power lines, other animals and insects brought in with high water could present real dangers to your pet. Take care not to allow your pet to consume food or water which may have become contaminated. Nearly 80 percent of pets displaced by a storm are never reunited with their owners.

One way to cut down on evacuation time in an emergency situation is to have critical items and information collected ahead of time and stored in an easily accessible place. The list below is a guide to creating an emergency preparedness kit for your pets. Make sure to include enough for 3 days.

DISASTER PREPAREDNESS CHECKLIST:

Identification is imperative: Make sure your pet wears a collar and

I.D. tag with up-to-date information.

Vaccinations: All pets should be current on their shots. Keep a copy of the vaccination records in a sealed/waterproof plastic bag.

Sleeping Quarters: Help your animals avoid shattering glass and falling objects. Don't place a pet's bed below windows or shelving.

Have Crate Ready: Every animal in your house should have a crate -- a molded plastic carrying kennel. Familiarize your pet with the crate before disaster strikes.

Check The Yard: Make sure all fencing is secure and all holes and potential escape routes blocked.

Plan Ahead: Identify animal shelters (in case your pet becomes lost), local boarding facilities, veterinarians, motels, and friends or relatives that may temporarily house your pet after a disaster.

Evacuate: If you evacuate, take your pet.

- Molded plastic pet carrier with bedding/Sheets (one to cover each carrier)
- Two-week supply of pet food/Three-day supply of bottled water
- One-month supply of your pet's regular medications
- Non-spill food and water bowls
- Cat litter/Cat litter pan/Newspaper /Plastic bags (for pet waste disposal)
- Leash/Toys (to keep pets calm)
- Blankets
- Manual (non-electric) can opener

I am very pleased with the David Flory Team. They kept me updated and were always courteous. I purchased this house through David Flory in September of 1986 and now he has sold it for me in September of 2009, 23 years later. The first contract came in the day I listed and within a few days I had three contracts. Thanks to David and his team!
