## Pinwheels for Peace

*from Girl Scout Brownie Troop #14570*

*Kaitlynn Varastegui, Megan Behenna, Alexandra Hayden, Keely Spinler, and Alyssa Croce*

Girl scouts participate in many different community, group & individual activities, from kindergarten to 12th grade. The girls in Brownie troop #14570 thought it would be fun to make pinwheels and liked the idea that they would be joining a community of peace lovers all over the world by participating in Pinwheels for Peace Day.

The 2nd grade girls worked hard on their home made pinwheels. On one side they wrote their feelings about peace which ranged from "I like peace, its fun!" and "hope, love, God, smile" to "being nice to my sister". On the other side they used their imaginations to visually express their feelings about peace in drawings and colorful designs. We talked about peace and what it means to them in both big and small ways, whether its world wide or just within a friendship.

They made many pinwheels at their brownie troop meeting then some met before school on International Day of Peace to display them. Swenke Elementary was where we chose to "plant"

our pinwheels and they said they wanted to participate too! The students in art classes filled the library windows in the front hall with pinwheels! What a wonderful way to let the girls see the product of their intentions come to life and how special it is when you can initiate community involvement.

We hope the display of whimsical, colorful, unique, and heartfully made pinwheels spinning in the wind inspired others to join in for Peace Day 2013! For information [www.pinwheelsforpeace.com](http://www.pinwheelsforpeace.com).

The next project troop 14570 will be participating in is Trick-or-Treat for UNICEF <http://youth.unicefusa.org/>. So make sure you have your piggy banks next to your bowl of candy come Halloween eve. Some of your trick or treaters may be out for a greater cause. Leaders troop 14570 are Kristina Behenna & Chelsey Spinler

The service unit will be collecting for CAM in their Thanksgiving Feast Food Drive.

## WRAP Events

WRAP (Wildcats Right After Prom) is Cy-Woods High School's parent-driven Project Prom organization. The purpose of WRAP is to provide a drug and alcohol-free all-night party for the graduating seniors and their guests after their prom. WRAP 2013 is already busy planning the numerous fundraising activities that will raise money for the WRAP party on May 24 at Dave & Buster's on I-10 near 610. If you haven't received emails from WRAP and would like to, please see our web page for a Parent Information Form that you can fill out and return as directed on the bottom of the form. Check out our website <http://www.cywoodswrap.com> or our Facebook page Cy-Woods WRAP 2013 for more information.

### UPCOMING EVENTS:

**NOVEMBER 7:** Spirit Night at Willie's Ice House: Good food and a good cause! What more can we say? See the web page for a flyer.

**NOVEMBER 12:** General Meeting 7:00 CWSHS Commons

Come find out what we're doing for our seniors! Attendance is not a commitment to volunteer, though we hope you will! We have opportunities to fit all schedules!

**NOVEMBER 17:** Wildcat Plop: Tickets now on sale for the Wildcat Plop (formerly known as the Cow Plop). For just \$10 you

can purchase a ticket for a chance to win up to \$1,000 in American Express gift cards! See our website [www.cywoodswrap.com](http://www.cywoodswrap.com) for more details and how to purchase tickets.

**NOVEMBER 19:** Spirit Night at Newk's: No need to cook! Bring the family and support WRAP!

**NOVEMBER 28:** Spirit Night at Chili's: Take the night off from cooking and enjoy Chili's with family and friends while helping WRAP raise money. See our web page for a flyer.

**DECEMBER 8:** Runnin' Wild Fun Run: WRAP will be hosting the Runnin' Wild Fun Run December 8 at the trails in Coles Crossing. This event is open to the general public. There will be a 1K and 5K run. We need many volunteers and donations to make this event a success! ## Cy-Fair ISD & Volunteers In Public Schools (VIPS)

*Where "Volunteers are Treasures!"*

*"Heroes take journeys, confront dragons, and discover the treasure of their true selves."*

-- Carol Lynn Pearson

All of our volunteers are true treasured heroes. They help in the library, sell school spirit items, organize fundraisers, read to a classroom, make costumes and test vision & hearing. The list is endless and their experience is vast. If you listen to their stories though, you will find that in all the things volunteers do, there is an element of discovery. They find not only what a child can do, but what their own treasured gift might be. And yes, there has probably even been an encounter with a dragon or two along the way.

Cypress-Fairbanks ISD is so fortunate to be able to draw from such a great diversity of skills and knowledge in our community. VIPS (Volunteers in Public Schools) in Cy-Fair ISD center the attention of their service on supporting students and staff and making a significant contribution to the education of children. These jewels in our district give freely of their time and resources and have an impact on the academic and personal development of Cy-Fair ISD students.

If you are interested in being involved in Cy-Fair schools as a volunteer and making a difference, or would like more information, please contact Pam Scott, Partners in Education Director at 281-894-3950.

### CY-FAIR ISD & VOLUNTEERS IN PUBLIC SCHOOLS

*November & December 2012 Events*

**November 8: VIPS General Meeting – 9:30 a.m. to 12 p.m., Berry Center:** Open to all CFISD volunteers, parents, staff and community members. Get the latest information on CFISD volunteering and learn ways to improve your volunteer program through networking with other volunteers in our district!

**November 27: PIE Mentor Training – 9:30 a.m. to 11:30 a.m., Berry Center:** Training for individuals committed to serve as a role model and friend to CFISD students. There are no VIPS events scheduled for the month of December at this time. Be sure to check us out in January when the opportunities for volunteering are in full swing again.

#### HOW TO REGISTER FOR TRAINING

Register for training by emailing the PIE office at [vipsrsvp@cfisd.net](mailto:vipsrsvp@cfisd.net). Provide your name and the name and date of the training you wish to attend. Registration is required to guarantee a seat and training materials. Adults only please.

## Solar Savings

For those of us living here in Houston, we're all acutely aware that the sun is a plentiful, if not unrelenting, source of heat and sunlight (okay, the heat is really a byproduct of the intense sunlight). And for many of us I bet that we've thought, "Gosh, if I could harness just some of that free sunlight..." The harder part is trying to answer the obvious questions about installing a solar array or solar panel system on the roof of your home - "How much electricity would it generate and how much money could I save on my electric bills?"

Without having to know much about solar or needing to contact a solar installer or solar company, you can easily get those estimates at your fingertips. The National Renewable Energy Laboratory, which is operated by the US Department of Energy, has created a website allowing anyone to calculate the amount of electricity a solar panel array system would generate. Here's the website (notice that it already takes into account that you're in Houston): <http://rredc.nrel.gov/solar/calculators/PVWATTS/version1/US/Texas/Houston.html>. Once on the website, for your initial estimate, you can use the default information presented and just click on "calculate" at the bottom. On the results page you will see that in Houston, a South facing solar panel array (which means the Array Azimuth = 180 degrees) that's built for 4 kW of electricity generation, would generate 4879 kWh in a year and save you \$473.26. To give you a better estimate, there are 3 settings you can go back and change: *Array Azimuth in degrees, DC Rating in kW, and Cost of Electricity in cents.*

**Array Azimuth:** If you're considering placing your solar array on the side

of your roof that gets the most sunlight and that part of the roof faces due South, then the Array Azimuth would be 180 degrees. If your proposed solar array will be facing Southwest, the azimuth would be 225 degrees. Southeast would be 135 degrees. And so forth. The more accurate your submission, the more accurate your estimate.

**DC Rating:** The DC Rating (in kW) default is 4 kW in the calculator. This would be the "size" of electricity generation by your solar array - basically, by adding (or subtracting) more solar panels to your proposed system, the DC Rating would increase (or decrease). Makes sense - if you add more solar panels to your array, you'll increase the amount of electricity generated and therefore increase the amount of money saved.

**Cost of Electricity:** The default is the Texas state average of 9.7 cents per kWh. For those of you with an electricity provider with higher (or soon to be higher) rates, you should change the rate accordingly to get a more realistic estimate.

So that's it, an easy way to determine what you would be generating with a solar array on the roof of your home. This is a simple but fairly accurate way to determine the benefit of installing solar on your home. Of course, YMMV (your mileage may vary) but by getting a fairly accurate estimate of the amount of electricity generated and the money saved, you can better determine whether or not installing a solar array on your roof would make financial sense for you and your family. If you have any questions, please ping me at [leec89@gmail.com](mailto:leec89@gmail.com).
