## **Bridgeland Memorial Day Celebration 2013**

Over 30 Bridgeland families took part in and supported the Bridgeland Memorial Day Celebration held on May 27, 2013. This event is held yearly by the Bridgeland Supports Our Veterans Group to honor those servicemen and service women who gave the ultimate sacrifice for their country.

The celebration started with the posting of the US and Texan Flags by Girl Scout Cadette Troop 15098. These flags were donated by Mr. and Mrs. William Edwards and by Dr. and Mrs. Jeffrey Edwards to the Bridgeland community on behalf of their son Army Specialist Billy Edwards who lost his life in Iraq in August 2007. In addition, a Gold Star plaque was dedicated by the Edwards' family to honor all servicemen and women.

After the flags dedication, Taps was played and the members

of the Bridgeland community tied ribbons around the trees of Pioneer Circle in honor of their fallen hero. A prayer for the troops and their families was conducted by Mbei Enoch. The Flags were then retired by the Girl Scouts to the Activity Center where they are on display for the Bridgeland Community.

A special note of thanks to Glenn and Dawn Seiffert, Kay Burkhalter, and Mbei and Linda Enoch for developing this year's celebration. In addition, a special thanks to Girl Scout Cadette Troop 15098 members, Halee Lewis, Hanna Lewis, Mirren Scoular and Megan Fedor and their leader, Randi Lewis for their professionalism during this ceremony.

If you would like to join the Bridgeland Supports Our Veterans Group, please register on-line at [www.bridgelandlife.com](http://www.bridgelandlife.com)

# THE FARMERS MARKET AT BRIDGELAND

## *Beer and Berries Festival*

*Great turn out with Live-Music and Cooking Demonstration*

On June 9th The Farmers Market at Bridgeland featured the "Beer and Berries Festival" with over 20 vendors selling fresh local products with live performance by the "Liz Talley and the Dusty Spur Band". Visitors could do their shopping and sampling while listening to their rhythm and could get inspired by delicious recipes cooked by Asa Smith. Beer Tasting was provided by No Label Brewing Co., a family owned microbrewery from Katy, TX.

The next market will be held on Sunday, July 14th – where kids can explore a Bee Hive with their busy bees producing honey. Cy-Ranch Theater Students will perform the concert "A New Beginning" featuring Maegan Knight and Kerensa McMurphy, performed by Logan Harper with Music/Lyrics by Cat Reynolds. The market will be open 12:30 – 3:30pm, rain or shine, located adjacent to the Lakeland Activity Center in Bridgeland. ## CY-FAIR KIWANIS CLUB

Kiwanis wants YOU! The Cy-Fair Kiwanis Club is actively seeking new members who are interested in giving service to improve our community and our world. Visit the Cy-Fair Kiwanis Club and learn about the projects in which its members participate to enrich and improve life for citizens in our community. We sponsor the Key Clubs in the Cy-Fair, Jersey Village, and Katy communities and work with them in service to the Cy-Fair area. Internationally, both Kiwanis and Key Club are participating in the ELIMINATE PROJECT aimed at the eradication of maternal/neonatal tetanus.

Businesses of the community are encouraged to support a representative for membership in Kiwanis. If you work for a business that is oriented toward involvement in community improvement and leadership, suggest to them that you would like to represent that business through membership and involvement in work with Kiwanis. We welcome business and organization as well as individual

memberships.

CHILDREN PRIORITY ONE is the motto of Kiwanis Clubs worldwide. The Cy-Fair Kiwanis Club sponsors nine Key Clubs and one Builders' Club in the Cy-Fair School District; sponsors the Kids Triathlon; Girl Scout, Boy Scout, and Sea Scout troops and activities; awards scholarships to outstanding Key Club

members in our district; provides assistance to Cypress Assistance Ministries and Bear Creek Ministries; the Houston Food Bank; and many other nonprofit organizations.

The Cy-Fair Kiwanis Club meets at Hearthstone Country Club on the first, second, and third Tuesday of each month at 12:15 for lunch and informative programs. For more information, call John Carroll at 281-463-0373, George Cowl at 832-467-1998 or Peggy Presnell at 281-304-7127. We invite you to be our guest at one of the meetings and enjoy the fellowship of Kiwanians from your community as you learn about our organization.

## PROTECT EYES THIS SUMMER

Take precautionary measures to protect your eyes during the summer to prevent long-term damage to eyesight, said a Baylor College of Medicine ophthalmologist.

"Ultraviolet light, or UV exposure, has been linked to the development of macular degeneration, cataracts and other vision-loss problems," said Dr. Elizabeth Baze, assistant professor of ophthalmology at BCM.

Baze offered tips you can practice to help protect your eyes from sun damage this summer.

- The more the sunglasses wrap around and shield your eyes and the skin around the eyes, the more protection you have.
- Sunglasses need to provide 99 to 100 percent UV protection.
- Sunblock is a must, including the skin around the eyes.
- A broad-brimmed hat can add extra protection.

If you have an existing eye condition like macular degeneration or cataracts, protecting your eyes from the sun should be a top priority during the summer, she said.

## Quality Of Meals Should Not Change During Summer

Students shouldn't close the door on healthy eating habits during the summer, says a Baylor College of Medicine pediatrician.

"Certainly it is just as important to eat healthy over the summer as it is any other time of the year," said Dr. Teresia O'Connor, assistant professor of pediatrics – nutrition at BCM.

She offers the following tips for health summer eating:

- Incorporate fruits and vegetables in all meals.
- A healthy summer lunch should include a fruit, a vegetable, some form of protein and whole grains.
- Don't skip breakfast.
- Eat three meals a day with one to two snacks.
- Stay hydrated - water is the best and healthiest way to stay hydrated.
- Be aware of how much sugar is in beverages. While it's okay to drink a small amount of these beverages, primary drinks should be water and low-fat or skim milk.

Encourage children and teens to help prepare their own meals so they become responsible for their own healthy eating.

## VIRUSES STILL PRESENT DURING SUMMER

Many viruses are still frequent in the summer so good hygiene remains important, said Dr. Gail Demmler Harrison, professor of pediatrics-infectious diseases at BCM. Some viruses present in the summer include:

- Enteroviruses can cause symptoms such as sore throat and diarrhea, and can even lead to viral meningitis and inflammation of the heart and liver.
- Hand, foot and mouth disease, is characterized by ulcers in the back of the throat and a rash on hands and feet. This is common in babies and young children.
- Adenovirus, which can cause respiratory problems.
- Parainfluenza can cause croup, a loud cough; bronchiolitis, swelling and mucus in the small air passages in the lungs; and bronchitis, inflammation of the main air passages to the lungs.

These viruses cannot be treated with antibiotics, but it's important to get enough fluid and rest. Seek treatment immediately for high fever for more than three days, vomiting for over 24 hours, diarrhea, severe headaches or chest pain. Those with weak immune systems should consult their physician if they have any symptoms associated with these viruses.

## Cy-Fair ISD Celebrates Volunteers, Community and Business Partners

The importance of recognizing volunteer contributions and the support of our business and community partners is essential to a strong volunteer and partners program. The administration, students, and staff of CFISD enjoyed hosting and entertaining over a thousand of the tens of thousands of volunteers and supporters that have given so much to help us achieve our goals this year.

With the commitment and generosity of several community businesses, tickets to this appreciation event were free. PBK Architects continues to serve as the underwriter for the VIPS Appreciation Luncheon. Additionally, the event was sponsored by: Allsafe Storage, Cy-Fair Educational Foundation, Cy-Hope, GameTime by Total Recreation Products, H-E-B, Kroger, Lone Star College Cy-Fair, Spring Creek Barbeque, Towne Lake and Rock Creek.

As a district, we are so fortunate to have thousands of volunteers who actively give their time to our kids, and many business and community partners who adopt and support our schools. As Superintendent, Dr. Mark Henry, says, "each volunteer plays a very key role in the lives our students and staff, and it has not gone unnoticed. In these past years, with a struggling economy and the district dealing with huge budget cuts, you have kept us on top by being generous with your time and sharing your many talents to make our district the great success that it is."

## Volunteer Appreciation

Cypress-Fairbanks Independent School District had the pleasure of honoring its district and state volunteer and business partner award winners during the Volunteer Appreciation Luncheon on April 5, 2013. The award winners were nominated by various schools in the district at which the volunteers and/or business partners generously donated their time and resources. These treasured volunteers and community partners were first selected as our district award winners and then competed with others in their categories from school districts around the state. The state level award winners were recognized by the Texas Association of Partners in Education during their annual conference held in Austin on January 29.

## Physical Symptoms Could Be Sign Of Depression

Depression and chronic mood disorders can manifest themselves through physical symptoms, said an expert at Baylor College of Medicine.

"Physical symptoms often drive a patient to see a primary care physician, and then the diagnosis of depression may emerge," said Dr. Sanjay Mathew, associate professor in the Menninger Department of Psychiatry and Behavioral Sciences at BCM.

Symptoms include gastrointestinal syndromes or chronic pain conditions. Many patients will have diagnoses of both a physical illness as well as depression.

The first step is to get a complete medical history and physical exam to rule out any medical conditions before making a psychiatric diagnosis.

Certain types of antidepressants and medications that help treat seizures also help with the physical symptoms of depression at low doses. This can help avoid the use of multiple medications.

## Girl Scouts Celebrate 101 Years!

Girls Scout across the country and around the world are celebrating a new century of leadership in Girl Scouts!

This is the organization's 101st year. Girl Scouts of America was founded in 1912 in Savannah, Georgia by a woman who was determined to empower young women and help teach them values. Juliet Low, started her first Girl Scout troop at her home in Savannah. It is now a museum and home of the national headquarters.

Girl Scouts all over the planet invite you to take action this summer and volunteer, recycle, conserve, explore, teach and make the world a better place!

If you've ever played outside, chances are you've been bugged by insects or other crawly creatures. Maybe unwelcome ants joined you at a picnic in the park or a bee buzzed around your head while you were playing catch.

None of this may have bothered you — unless you were bitten or stung. Ouch! It's enough to make you stay indoors. But the outdoors can still be a great place to play if you know a little bit more about insects.

## WHY DO BUGS BITE OR STING?

Insects like bees, wasps, and hornets and other creatures like spiders and scorpions usually attack when they feel like they're in danger. Sometimes they are protecting their territory, web, or nest. Other insects, such as mosquitoes and ticks, suck blood in order to survive. The female mosquito needs blood so that she can lay her eggs. (The male mosquito does not bite at all!) Ticks are parasites, which means they live on other animals and need to suck blood to live.

## WHAT ARE BUG BITES AND STINGS?

Insects and other bugs can inject venom (say: veh-num) into your skin when they bite or sting you. Usually, venom is like soap in your eyes — it doesn't really hurt you, but it's not very comfortable. It will make a small, itchy bump no bigger than a pea form on your skin. When you scratch, your skin becomes red and more itchy. A tick bite can cause a red rash that looks a little like a bull's-eye (this may take as long as a week, or even more). In the case of bee stings, the area becomes swollen and a stinger might be left in the skin.

## DOES IT HURT?

In most cases bug bites are not serious and only hurt for a little while. The itching is the most irritating part of most bites and stings. Some bites or stings, such as a bite from a scorpion or a black widow spider, may require a trip to the emergency department. But this doesn't happen very often. An adult will know whether this trip is necessary.

## WHAT SHOULD YOU DO?

If anything bites or stings you, make sure you let an adult know. He or she will look at the bite or sting to see what needs to be done. If a mosquito bites you, try not to scratch. It's hard sometimes, but scratching will make the itch worse and can cause the bite to swell, bleed, or get infected. If you are stung by a bee, an adult can help you get the stinger out quickly. Have an adult wash the area with soap and water, and apply ice to the sting on

and off for the first 24 hours. An antihistamine, which is a type of medicine, can help stop the itching, pain, and swelling. Acetaminophen can also help stop the sting from hurting. Hydrocortisone creams and calamine lotions can be helpful to take away the itch. An adult will decide what medicine is best for you.

## TICK TALK

If you find a tick on you, don't try to remove it yourself. Get an adult to help you. He or she will grab the tick with tweezers as close to your skin as possible and pull it off in one smooth motion. Once the tick is removed, save it by storing it in a small container or a sealable plastic bag. Don't try to crush it in your hands. Your doctor may want to see this tick later.

## WHEN TO GET HELP

Some people have an allergic (say: uh-ler-jik) reaction to the venom that certain insects, such as bees, inject. If you have trouble breathing, break out in hives (hives are red bumps that show up on your skin), or feel like you are going to throw up after a bee or wasp has stung you, you could be having an allergic reaction. Tell an adult right away so that you can go the emergency department. Once you know you are allergic to bee stings, your doctor will provide you with a special kit. The kit is called an epinephrine kit and will contain a shot of epinephrine (say: eh-pih-neh-frin). You will need this shot if a bee stings you. You should keep this kit with you at all times, especially when you are outside. Make sure an adult is close by to give you the shot if you need it.

## STOPPING THE STINGING

You can keep from getting stung by staying away from bee or wasp nests. Keep sweet-smelling food or drink covered when you are eating outdoors. And don't swat at flying insects — it just makes them angry, causing them to bite or sting. If you go hiking, wear a long-sleeved shirt and pants tucked into your socks and shoes to avoid ticks. And always have an adult check you for ticks if you've been playing in the woods. The best way to avoid being bitten by spiders or scorpions is to avoid places where they like to make their homes, like woodpiles. Playing outside is a lot of fun — bugs or no bugs. With a little bit of care, you can have fun even when the insects come marching in!
