The American Cancer Society is pleased to announce that the Relay For Life of Cy-Fair has placed in the top 20 Relays in the southern territory in the fight against cancer, thanks to the amazing success of last year's event. The 2014 Relay For Life of Cy-Fair brought in more than \$138,700, and drew record participation of over 2,000 people! Total funds raised by Relay For Life-Cy-Fair is now approaching \$1.25 million dollars in ten years!

"Congratulations to the many volunteers, committee members, and teams whose tireless efforts each and every year since 2005 have resulted such an accomplishment. The valued participation of cancer survivors and caregivers make the American Cancer Society Relay For Life unique and appealing to the entire community, most of whom have been touched by cancer in some way," said Relay For Life of Cy-Fair Chair Sulema Tamez.

Relay For Life remains the American Cancer Society's highest-grossing fundraising event in the fight against cancer. Monies raised support the American Cancer Society's mission to help people stay well, get well, find cures and fight back through cancer research, as well as the free programs and services provided directly to cancer patients and their families.

The Relay For Life of Cy-Fair is seeking sign-ups for both business and personal teams for the April 17-18, 2015 event. The event committee is also seeking volunteers, cancer survivors and caregivers to participate. If you are interested in signing up or learning more about how you can help the American Cancer Society finish the fight against cancer, please visit: [www.relayforlife.org/cyfairtx](http://www.relayforlife.org/cyfairtx).

## About the American Cancer Society

The American Cancer Society is a global grassroots force of more than three million volunteers saving lives and fighting for every birthday threatened by every cancer in every community. As the largest voluntary health organization, the Society's efforts have contributed to a 20 percent decline in cancer death rates in the U.S. since 1991, and a 50 percent drop in smoking rates. Thanks to our progress, nearly 14 million Americans who have had cancer and countless more who have avoided it will celebrate more birthdays this year. As we marked our 100th birthday in 2013, we're determined to finish the fight against cancer. We're finding cures as the nation's largest private, not-for-profit investor in cancer research, ensuring people facing cancer have the help they need and continuing the fight for access to quality health care, lifesaving screenings, clean air, and more. For more information, to get help, or to join the fight, call us anytime, day or night, at 1-800-227-2345 or visit [cancer.org](http://cancer.org).

## WAYS TO PREVENT IDENTITY THEFT

Don't carry social security cards, Pin #, blank checks, Medicare card or keys in your wallet. Make photocopies of EVERY card in your wallet (both front & back)

### IF YOUR WALLET IS MISSING FOLLOW THESE STEPS:

Call credit card companies and request an account number change. Do not cancel your card. If your account is closed it will inconvenience you and hurt your credit score.

#### File a Report with the Police.

Get a copy of the report and send copies to your bank and credit card companies.

#### Alert Your Bank

Change Pin #'s , cancel ATM cards and get a new checking account number if your checkbook is missing.

#### Contact Your DMV

Replace your driver's license and ask that a stolen/lost warning be placed in your file.

#### Put a Fraud Alert or Security Freeze

On your file at the three major credit bureaus. experian .com; equifax.com; and transunion.com . Alerts are free, but freezes are more secure and free to people over 65.

#### Private Medical Insurers

Should be asked for new cards with new account numbers to prevent fraud. Call Medicare and your auto insurer in case someone tries to make an accident claim from your policy.

#### Check Credit Reports

After your wallet is lost 2 weeks, go to creditreport.com to get a free report. That is usually time enough for thieves to open credit in your name. Recheck credit report in 2-3 months.

## TENNIS TIPS

By USPTA/PTR Master Professional  
**Fernando Velasco**

### The Modern Game: “The Backhand Return Serve Drop Shot”

In previous newsletters, I offered tips on how to execute the basic strokes for players who are just beginning to play tennis or who want to resume playing.

I am now offering suggestions on how to play the “modern” game mostly geared towards players who are happy with hitting the ball over the net and controlling the point with consistency. These players may already be playing for leagues or in tournaments and are looking for more “weapons” on the court.

In this issue, I will offer instructions on how to execute “The Backhand Return Serve Drop Shot.” This shot is used when an opponent is expecting a deep service return and the player “surprises” the opponent with a short angle drop shot. It can be used in both singles and doubles play.

In the illustrations, Fernando Velasco, Director of Tennis and teacher at of the Grey Rock Tennis Club, shows the proper technique to execute this stroke. Velasco is presently ranked #1 in Singles and Doubles in the USTA Men’s 70 Division in Texas, and #13 in Singles

and #8 and #10 in Doubles in the US.

**Step 1: The Back Swing:** When Fernando sees the opportunity, he makes a quick turn of his upper body and takes the racket high and back. The head of the racket is now at shoulder height, his shoulders are turned, and his eyes are focused on the incoming ball.

**Step 2: The Point of Contact:** The success of the drop shot is to “cup” under the ball with the strings. The grip is relaxed and ready to push the ball forward and under the ball as he makes contact with it. His left shoulder is almost opening and his weight is moving through the shot.

**Step 3: The Follow Through:** In order to get maximum underspin, Fernando is keeping the right hand extended as long as possible. His weight is going forward. The left hand is left leaning forward for better balance.

As the shot goes over the net, and it was successful, Fernando will run towards the net, expecting his opponent to either lift the ball short, or try to drop shot his drop shot.

## TEXAS A&M AGRI LIFE EXTENSION

### SILVERFISH

I recently noticed silverfish lurking in my house while handling holiday decorations, so I'm sure others may have the same problem. Silverfish can eat and stain books, fabrics, food and wallpaper, but are often considered being more of a nuisance than a pest. These insects have flattened carrot-shaped bodies with three long "tails" that come off the tip of the abdomen. The body is covered with fine scales that give them a silver sheen. Immatures look just like the adults, but are smaller in size.

Usually silverfish are not seen by homeowners because they are most active at night. They can commonly be found in attics, closets or near bookcases. They may also be found behind baseboards or around door and window casings. Silverfish feed on starchy foods like paper, flour, oats or glue.

Tips for managing silverfish:

- Remove old books, papers & magazines
- Store items in sealed, plastic bags or plastic containers with tight-fitting lids
- Clean closets on a regular basis- vacuum/ sweep floors and wipe down any shelves
- Reduce humidity with fans, air conditioning or dehumidifiers
- Repair any water leaks
- Inspect all items before bringing them into the house
- Target treatments to where silverfish live- wall voids, closets, attics, behind baseboards, etc.
