

BREAKFAST WITH SANTA, A HUGE SUCCESS

The annual Silverlake/Southwyck Breakfast with Santa event was an outstanding success. The weather cooperated and allowed for a better than average turnout. Pancakes, sausage, hot chocolate, juice and cold drinks topped the menu. There were crafts and cookie decorating, Polar Express train rides and moonwalk experiences for the kiddies. Highlight of the event of course was the arrival of Santa Claus who patiently listened to each of the Christmas wish lists for all of the good little boys and girls who attended.

Local officials were also in attendance representing the Brazoria County Sheriff's Office, County Commissioners, County Constables, Judges and Pearland City Council. We are fortunate to have such community camaraderie.

Unwrapped toys were collected to be distributed to less fortunate children through the Pearland Neighborhood Center and Women's Shelter. A special thank you to all who volunteered their services to make this annual event a wonderful holiday success.

Silverlake HOA Board of Directors Thank You

The regular December meeting took place on Tuesday December 1, 2015. A special presentation took place honoring two of the retiring Directors for their service and contributions. Che' Smith who has served on the Board of Directors since 2008 and Walter Jones who has served since 2012 were presented with an inscribed glass memento noting their service. The Board of Directors is a nine member volunteer board with each director representing a specific neighborhood or neighborhoods.

Preventing Frozen Pipes

The American Red Cross has good advice concerning preventing frozen pipes.

Recommendations to consider before and during the onset of cold weather:

- Close any inside valves that supply outdoor hose bibs
- Open outside hose bibs and allow water to drain, keep valve open
- Newspaper can provide protection to exposed pipes in areas that do not have frequent or prolonged temperatures below freezing.
- Keep garage doors closed
- Open kitchen and bathroom cabinet doors to allow warm air to circulate around plumbing
- Let water drip from the faucet as even a trickle of water helps prevent freezing of pipes
- Keep the thermostat set to the same temperature both day and night
- If you are away, leave the heat on in your home to a temperature no lower than 55 F
- Wrap exterior pipes with commercial pipe wrap or old towels or cloths
- Don't forget about plants and pets when the temperature drops. Protect plants with cloth coverings and keep pets indoors.
