## Lakes on Eldridge Dolphins 16th Season!

The Lakes on Eldridge Dolphins Swim Team will begin their 17th season in 2016! We are again recruiting enthusiastic swimmers ages 5 – 18 looking to have great fun this spring and summer. (Swimmers must be able to swim the length of the pool by the end of the second week of practice.)

We are excited to welcome back our head coach, Amanda Chow and assistant coach, Blair Thoman, who led the team to a Divisional victory last season!

LOEST is a voluntary recreational swim team operated for Lakes on Eldridge and the surrounding neighborhoods. LOEST encourages a competitive swim team environment and provides the opportunity for growth, training, enjoyment, good sportsmanship and participation to all active team members. LOEST cannot function without parent involvement, so each participating family is required to fulfill a volunteer commitment. It's a great way to meet other families and adults in our community!

The 2016 practices will be held at the Lakes on Eldridge pool on Monday, Villages at Lakepointe pool on Tuesday and Wednesday, and the Lakes on Eldridge North main pool (by the LOEN clubhouse) on Thursday and Friday.

**March 11 - March 20** - Registration begins for returning families

**March 21** - New Swimmer Informational Meeting

**March 21** - Swim Suit Fitting and Ordering

*(there are new suits this year, so this is for everyone!)*

**March 22 - April 1** - New swimmer registration

**April 25 - 29** - Guppy School Begins- more details to come

**May 2** - Regular Practice Starts

**May 7** - Time Trials at Winchester

**May 9** - Team Pictures and T-shirt pick up

**May 9** - Make up Time Trials

*(Continued on Page 2)*

## Live Allergy Free

Do you suffer from nose congestion, running nose, sneezing constantly, itchy nose, sore throat, red & itchy watery eyes, and cough? Do you have more than ten sneezes non-stop sometimes especially in the morning. If this sounds like you? You may suffer from allergy. If you have these symptoms during certain seasons of the year, you may have seasonal allergies. With all the trees and flowers in Houston, more and more people suffer from seasonal allergy.

If the symptoms are not effectively under control by western medicine, some people may develop chronic allergy, the symptoms become more severe every time. Other people may develop dependency to the medication, need to increase dosage form time to time.

The cause of the allergy is either the exterior pathogen (allergen) or the internal constitution (body type). Traditional Chinese Medicine treat patient's constitution, rebalance the body, change the internal environment by improving the circulation of Qi and blood, therefore to control, reduce and cure the allergy.

Several Chinese patterns of disharmony may be involved in cases of allergies. In all cases, however, wind is often part of the diagnosis. In seasonal allergies, such as hay fever, the most common diagnosis is related to wind and dampness. Individual's body constitution and condition at the time play a big role in the treatment plan.

Treatment plans for allergies vary greatly, and the possible results range from temporary relief to complete remission based on the reaction of individual person. Acupuncture frequently relieves allergy symptoms immediately. Diet advice and control plays an important part in controlling seasonal allergies.

Take your health into your own hands, live allergy free with safe effective natural way.

Apart from respiratory issues including allergy, acupuncture is also effective to treat reproductive issues for male and female, emotional issues, neurological issues, gastric distress. It is a wonderful way to relieve pain without intoxications, to help with rehabilitation, to treat addictions and fatigue.

Talk to your licensed Acupuncturist about what acupuncture and TCM can do for you.

## Honey Bee Swarms

Honey bees are beneficial by producing honey, wax and pollinating crops. With warmer temperatures, honey bees are becoming more active and may soon begin to swarm.

Honey bee swarms look like a large clump of bees clustered together. The swarm may stay in a location from a few hours to a week. Swarms are produced as a part of the colony's reproductive process. An established colony produces a new queen, causing the old queen and half the worker bees to leave the colony to search for a new nesting location. Swarming honey bees are usually gentle and unlikely to sting. Swarms are not protecting their home, food or offspring. Scout bees are sent out from the swarm to search for a nesting site. Colonies produce comb and honey and are defensive. Bees from a colony are more likely to sting as they are guarding their home, food and offspring.

Sometimes, honey bee colonies can be found in wall voids, chimneys, attics or sheds. If bees are in a wall void, DO NOT block their entrance; this makes them search for another way to exit and could lead bees into the structure. To keep bees from entering a home, seal any holes found in walls where pipes enter the home, cracks in window framing, knotholes, weep holes, or cracks between wood and brick junctures.

While many enjoy having honey bees around, some people are severely allergic to their venom. This, along with other situations, such as bees located near sensitive areas (such as playgrounds) may require removal or even extermination of the bees.

People should NOT try remove or exterminate bees on their own. Beekeepers and pest control companies have equipment to carry out these jobs in a safe manner. The city or county does not provide bee removal services.

## Exceptional Students. Extraordinary People.

Miles, language, and cultural differences sometimes make us feel worlds apart from each other. But when you welcome an international high school exchange student into your home, you quickly discover they become family. Through conversations and experiences at home, school, and throughout the community, you will learn how close together “worlds apart” can really be.

**Expand Your Family** - Build lifelong friendships with a family from across the globe through your student.

**Learn New Cultures** - Introduce your family to a new language, new foods and music, and an entirely new culture.

**Gain a New Perspective** - See “your” world with fresh eyes as you share experiences with and learn from someone from across the globe.

**Make a Difference** - Your support of diversity and cultural awareness extend to your family, schools and throughout the community.

Spending a year in the U.S. changes the lives of not only Ayusa’s international exchange students but also their host families and communities. Our students have the opportunity to experience life as an American teenager, perfect their English speaking skills, and grow into young adults ready to leave their mark on the world. They also give back with their enthusiasm, dedication, and involvement. Their energy and perspective are contagious and their presence along promotes a sense of global unity.

## 8<sup>TH</sup> ANNUAL SALUTE TO OUR HEROES GALA

On February 13, 2016, the Cy-Fair Educational Foundation (CFEF) held its 8th Annual Salute to Our Heroes Gala at the Omni Hotel Houston Westside raising over \$100,000.00 to benefit graduating seniors from the Cypress Fairbanks ISD.

Cypress Woods High School AFJROTC was chosen to Present the Colors and the Missing Man Table and Honors Ceremony. Tina Clinkenbeard, CFISD Teacher, sang the National Anthem. State Representative Allen Fletcher gave the invocation and Senior Ryan Lancaster, from Cy-Fair High School, played TAPS.

Kevin "Dauber" Lacz, former Navy SEAL sniper and combat medic was our guest speaker for the evening. Lacz spoke from the heart about his experiences as a Navy SEAL and the impact his service in the military had on his life. As a Certified Physician Assistant, Lacz uses his past experiences to facilitate his work in medicine and charity, and actively seeks to support service members and veterans in his community. Lacz inspired us all with his motivational story, winning attitude and continued commitment to service.

Joe Myers Ford Lincoln generously underwrote this year's Salute to Our Heroes Gala and we are grateful that they have agreed to underwrite this event in 2017. Cypress Fairbanks Medical Center Hospital and North Cypress Medical Center were Major General Sponsors this year. Salute to Our Heroes has raised more than half a million dollars over the past eight years, funding several endowed scholarships for students graduating from the Cypress Fairbanks ISD.

CFEF was established in 1970 as a non-profit to raise money to fund a scholarship for high school graduates in the area. Over the past 46 years, the Foundation has grown tremendously through the efforts of the Board of Trustees and the generosity of the Cy-Fair Community. The Foundation has awarded more than \$6 million in scholarships to 1300 graduating seniors. CFEF is a 501(c)3 non-profit organization, all contributions are tax deductible, as allowed by the law.
