RANCH RECORD

News for the Residents of Blackhorse Ranch

Volunteer with Girl Scouts

From the time your daughter came into your life, you've only wanted the best for your girl. You want to see her feel happy and loved, be confident, make new friends, stay healthy, excel in school, and eventually rise up the ranks in a career she finds fulfilling. Girl Scouts gives girls and their leaders opportunities to share new experiences, make new friends and to become confident young ladies.

In Girl Scouts, the volunteers are the backbone of our organization. Without our volunteers, there are no Girl Scout troops, no camping experiences, no cookie businesses, and no troop badges earned. As an adult, all of your experiences have brought you to where you are in your life today. As a Girl Scout leader, an adult has the chance to mentor a group of girls to help them reach their fullest potential through your shared experiences.

Please consider volunteering with Girl Scouts so you can have a direct impact on the girls in your community. To volunteer, please visit our website at www.gssjc.org and click on "Volunteer Today." Let's show the girls in CyFair what's possible!

Workshop

Saturday, August 6
Saint Aidan's Episcopal Church

Texting and Cell Phone Use during Driving

By the National Highway Safety Administration (edited for space)

In 2014, 3,179 people were killed in crashes involving a distracted driver. One of the most alarming and widespread forms of distracted driving is cell phone usage. According to a study by the Virginia Tech Transportation Institute (VTTI), sending or receiving a text takes a driver's eyes off the road for an average of 5 seconds, the equivalent of driving blind at 55-mph for the length of an entire football field. And a 2014 special article in the New England Journal of Medicine found that the risk of a crash or near-crash among novice drivers increased with the performance of many secondary tasks, including texting and dialing cell phones.

Text messaging is of heightened concern because it combines three types of distraction – visual, manual and cognitive. In other words, texting involves taking your eyes off the road, your hands off the wheel, and your mind off the task of driving.

NHTSA's message is simple – "One Text or Call Could Wreck it All." Legislation is being passed across the nation to

discourage distracted driving. We hope drivers get the message loud and clear.

So the next time you are pressed for time, and it seems like multitasking in the car is the best decision, remember those 3,179 lives that were taken because someone decided they could do two things at once. A text or call is not worth your life, or anyone else's.
